WELFARE X
FIRST YEARS

FIRST
YEAR

monsu
peninsula

WELCOME TO FIRST YEAR!

First year at uni can be intimidating, challenging, and really confusing at times, so we, the welfare and first years departments here at MONSU, have come up with this handy guide to help get you through the year!

DO...

- Sign up to be a MONSU member
- Talk to as many different people as possible
- Sign up to as many clubs and events as you want/can
- Use all the library resources given to you e.g. referencing guides
- get second hand textbooks!
- Use CelloPark to park in the blue zones
- Go to and have fun at as many MONSU events as possible
- follow @monsupeninsula and @freefoodmonash on insta or join the facebook group 'Monash Sausage Hunters 2.0-

DON'T...

- Be afraid to ask professors, tutors, peers or mentors for help
- Leave referencing to the very last minute
- Leave your placement compliance forms to the last minute. Your faculty will be unhappy with you!
- Print out pages and pages of reading- save the trees and save your money!
- Buy a placement uniform brand new! Try to find a secondhand uniform on marketplace or your course's facebook group.
- Schedule morning classes, if you are not a morning person! Try organise your timetable to times that best suit you and your body clock!
